Groveland City Council  
City Manager Report  
October, 05 2015

**Pending Action Items:**

- Dusk to Dawn "No Parking Ordinance" Staff Committed to return draft ordinance at the end of this month. There are indications that this issue will be contested and may require more time to thoroughly vet the city's options. Would the City Council continue to see this ordinance drafted for next City Council Cycle or would the City Council desire more time for additional community involvement; for example, a workshop, a town hall meeting, a survey, or HOA meeting(s).  
**Would like Consensus from City Council.**

**Report from the Desk of the City Manager:**

- As many of you are aware I was out of the office last week attending the International City / County Manager Association Conference - It was a very well attended conference with 4,200 professionals in local government in attendance. Although the conference focused on themes such as "Police / Community Relations", "Respecting Diversity", and "Using emerging Technologies"; I found great interest in course work that examined;
  - Effective habits of small towns in conducting economic development.
  - Using the City Links and Sister City Programs to explore developing international relationships to find sustainable solutions tailored to the real needs of the participating communities.
  - The effective ways to utilize Public Private Partnerships to leverage local investment. I know I have spoken on this topic in the past, but I have learned of some new opportunities and investment companies that are created with the sole purpose of seeking public / private projects.

Over the next several weeks I will share information, notes, and reports dealing with these topics and other materials that I have received at this conference.

**Follow up / Reminder items:**
