CITY COUNCIL BUDGET WORKSHOP

JULY 2, 2020

12:00 NOON

ANITA GERACI-CARVER
CITY ATTORNEY

VIRGINIA WRIGHT
CITY CLERK

MIKE HEIN
CITY MANAGER

GENERAL INFORMATION AND INSTRUCTIONS

The Mayor will ask for comments from the public, requesting that anyone desiring to speak on an item. When recognized by the Mayor, please approach the podium and speak into the microphone, stating your name, address, if you are a citizen that lives in the Groveland City limits, and then present the information you desire. Each person has a maximum of five (5) minutes to speak.

Items listed in the "Consent Agenda" will be approved by Council in their entirety by a single motion, unless otherwise indicated by Council. These are routine items not anticipated to be controversial and are placed on the Consent Agenda to expedite the meeting. If a Council Member, staff member or member of the public wishes to discuss any item on the Consent Agenda, they can request the item be removed from the Consent Agenda for discussion. The remaining items on the Consent Agenda will be voted on with one motion being made for all items on the Consent Agenda. Then the item removed from the Consent Agenda will be separately considered and voted on.

Items identified with a double asterisk (***) are quasi-judicial functions of the City Council other than land use; the Council Members disclose any ex parte communications.

Groveland Code of Ordinances Sec. 2-58 (f). Any person desiring to address the Council shall first secure the permission of the presiding officer and shall give his name and address for the record. All remarks shall be addressed to the Council as a body and not to any member thereof unless permission to do so is first granted by the presiding officer. Unless further time is granted by the presiding officer or the council, member of the public shall limit their discussion or address to no more than five minutes. No question shall be asked a council member or city official except through the presiding officer.

If your address is exempt from public record you are not required to state it. In addition, do not give out your Social Security Number, phone number, email address or any other information you do not want others to have access to as the meetings are recorded and those recordings are considered public record.

Pursuant to the provisions of Chap. 286, F.S., Sec. 286.0105, if a person decides to appeal any decision made by this body with respect to any matter considered at this meeting, he or she will need a record of the proceedings, and that for such purpose, he or she may need to ensure that a verbatim record of the proceedings is made, which record may include the testimony and evidence upon which the appeal is to be based and is advised to make such arrangements at his or her own expense.

In accordance with the Americans with Disabilities Act and Section 286.26, Florida Statute, persons with disabilities needing special accommodation to participate in this meeting should contact the City Clerk's Office no later than 5:00 p.m. the day of the meeting.

PUBLIC NOTICE AND AGENDA OF THE GROVELAND CITY COUNCIL BUDGET WORKSHOP SCHEDULED TO CONVENE AT 12 NOON THURSDAY, JULY, 2, 2020

Please note: In order to reduce public gatherings and the spread of COVID-19, the July 2, 2020 City Council Budget Workshop will be held using telephonic video conferencing as authorized by Governor DeSantis in Executive Order 20-69. The public can attend the virtual meeting. Instructions to participate have been posted to the city's website under "public notices" at www.groveland-fl.gov

City with Natural Charm™

July 2020 Budget Workshop Summary

The included budget document for the July 2020 Budget Workshops has the various departmental budgets which make up the entire funds.

Current Assumptions and Changes

- The attached budget has no carryforward expectations for any projects which are currently or expected to be underway prior to the start of the new Fiscal Year. As the budget is finalized these numbers will be moved into the budget with the up to date forecasts.
- Ad Valorem Revenues are based on a 5.2 Millage rate.
- Current revenues which are estimated by the Florida Office of Economic & Demographic Research are unavailable and as a result are conservatively budgeted at a 10% reduction from this year's estimates.
- 3% increase in Salaries & \$1,000 bonus is currently budgeted for each existing position.
- Overall General Fund Expenses decreased by \$117 thousand to a total of \$16.5 million.
- General reoccurring revenues have increased by \$1.3 million to \$12.1 million.
- The Grant Fund which is handling the CDBG grant is not projected to have any new grants at this time.

Position Requests and Changes from Prior Year

Public Safety Requests

- Fire Department reorganization is in for the full year which included the additional of Battalion Chiefs and a Deputy Chief of Operations.
- 3 School Resource Officers – These are backfilled positions as related to the adding of South Lake High School and Grey Middle School into the Groveland SRO program. The school board pays offsets the cost of the SRO officers by \$236 thousand.
- Part Time Dispatcher

General Requests

- 1 Technology Visionary

Building Department

The Building Department is reflecting a change in the revenues due to a proposed change in the building permit fee structure which will reduce the overall fees, make them simpler to calculate and keep them in line with costs.

Capital Revenues

- Discretionary Taxes are estimated by the Florida Office of Economic & Demographic Research.
- Impact Fees are currently being estimated utilizing an estimate of 400 homes for both the current year and 500 homes for subsequent years.
- Impact Fees are assumed to be the same for the next 5 years for the purpose of calculating the rolling balances by fee type.
- Discretionary Sales Surtax is estimated to increase over time as the City grows.

Capital Improvement Plan

Plan was consolidated from department heads who provided the information. Funding Sources were attached to each item to insure that the revenues are utilized by our estimates and didn't exceed their balance. These costs are estimated and depending on a variety of factors items exceeding the first year could be moved to reflect actual needs or demands as the City continues to grow.

There are 3 projects which assume that the City will be making a debt issuance in order to continue, start and complete those projects which include the Public Safety Complex, permanent Fire Station 3, and the South Lake Regional Park.

Enterprise Fund Assumptions

The attached budget has the following assumptions to the associated with the document.

- Water, Sewer and Reclaimed rates are have no rate adjustment reflected in them. The rates will be adjusted by CPI once the July CPI numbers are available.
- Sanitation Service Charges are based on same expected rates and increases are expected due to increased number of homes served and commercial solid waste.
- Impact fee receipts are based on 400 new homes.

Utility Department

The Utility Department is entering its second year of contracted operations for plant operations, distribution lines and collections lines for the plants. The City maintains some expenses related to fund oversight, utility billing, audits and insurance requirements. This year's Capital Improvement Plan (CIP) is based on an initial assessment from the Master Planning process of the needs of the utility in the next 3-4 years. As the planning process continues the CIP will be refined and intensified for the complete 5 year process.

One item to reference in the document is a comparison of operating revenues to operating expenses. This chart is showing the main reoccurring operating revenues compared to the operating expenses and respective capital items which were not eligible for payment through impact fees. It shows that the Utility is making progress in closing the operational gap.

Sanitation Department

The Sanitation Department is projected to increases in revenues based on the starting up of a formalized City run commercial exclusive franchise solid waste hauling. The estimated costs and revenues are calculated based on our current receipts from our non-exclusive contracts and would expect to be at least similar if not higher as run by the city.

Internal Service Fund Assumptions

Last Budget Year the City created 3 Internal Service Funds which presented areas which multiple City department and funds use services from. The 3 areas are the Information Technology (IT) Department, Facilities Management, and Fleet Management. Each of these

respective areas are being budgeted for the costs of providing the services to the City. During the Budget process, there is a formal establishment of the reimbursement rates in which each Fund will need to contribute.

- IT Charges will be based on number of computer terminals and hardware allocated to each respective fund.
- Facilities Charges will be based on the space utilization of City Facilities for each respective fund.
- Fleet Charges will be based on the costs utilized by each fund directly with indirect costs being allocated based on the Fleet sizes.

Summary

This year's budget is another step towards getting capital expenditures out of the operational budgets and budgeting them in their own capital budgets. With this budget, it is much closer to getting to an apples to apples comparison of operating and capital costs being separated. The overall General Fund expense budget has seen a reduction of \$117 thousand for the year. The budget calls for the use of \$2.3 million in total reserves to supplement the reoccurring General Fund Revenues of \$12.1 million. This budget is seeing strides in reducing the use of reserves for operations and each successive budget it will become clearer the difference in capital and non-capital expenditures.
