Greetings!

On behalf of the City Council and our entire Groveland Team, Happy 4th of July!

We hope you are as delighted to receive this celebration basket, as we were to have it made for you. The Fourth of July is one of the many holidays our community looks forward to, with affectionate anticipation each year. In previous years, our tradition has been to gather for the best things the Fourth of July in Groveland has to offer: food, fun and fireworks. However, the current circumstances this year have prompted us to become innovative with how we celebrate.

Many cities have canceled their holiday festivities all together, but we have decided to press forward and celebrate safely. We believe it is necessary to provide some sort of normalcy during these unfamiliar times. This means you and other families across our community, will be able to enjoy two dueling sparkling displays from the comfort of your home, beginning at 9:15pm on the night of the 4th! Although we may not be gathered around in one place, we can still maintain a sense of togetherness through this shared experience. Consider our 4th of July celebration as a promise to you and your loved ones that our City will continue to find safe opportunities to remain unified, despite the challenges presented.

My hope is that each of you enjoy your celebratory baskets while viewing the beautiful bursting fireworks in the sky! Know that the fun does not stop there. In the near future, we are looking forward to opening our nearly completed and highly anticipated Lake David Park! Lake David Park has been the site of many traditions in our City, and I believe you will love the new additions and welcoming atmosphere.

Thank you for being a part of our City's natural charm. May our collective July 4th celebration find you and your loved ones in good health and excitement! Be safe and stay well.

Sincerely,

Evelyn Wilson
